

Their Futures Matter

Transforming life outcomes for
vulnerable children, young people and families

Dr Nigel Lyons, Their Futures Matter Board Member

Tuesday 12 February 2019

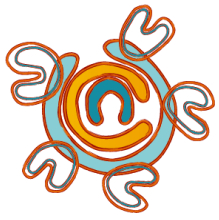

Why are we here?

We need a system that can better support the needs and aspirations of vulnerable children, young people and their families

Our vision is to create a coordinated service system that delivers evidence-based, wraparound supports for children, young people and families to transform their outcomes.

Our priorities

- Building a smarter system together
- Delivering a connected response
- Supporting families and their needs, as early as possible

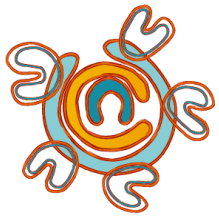

Key achievements

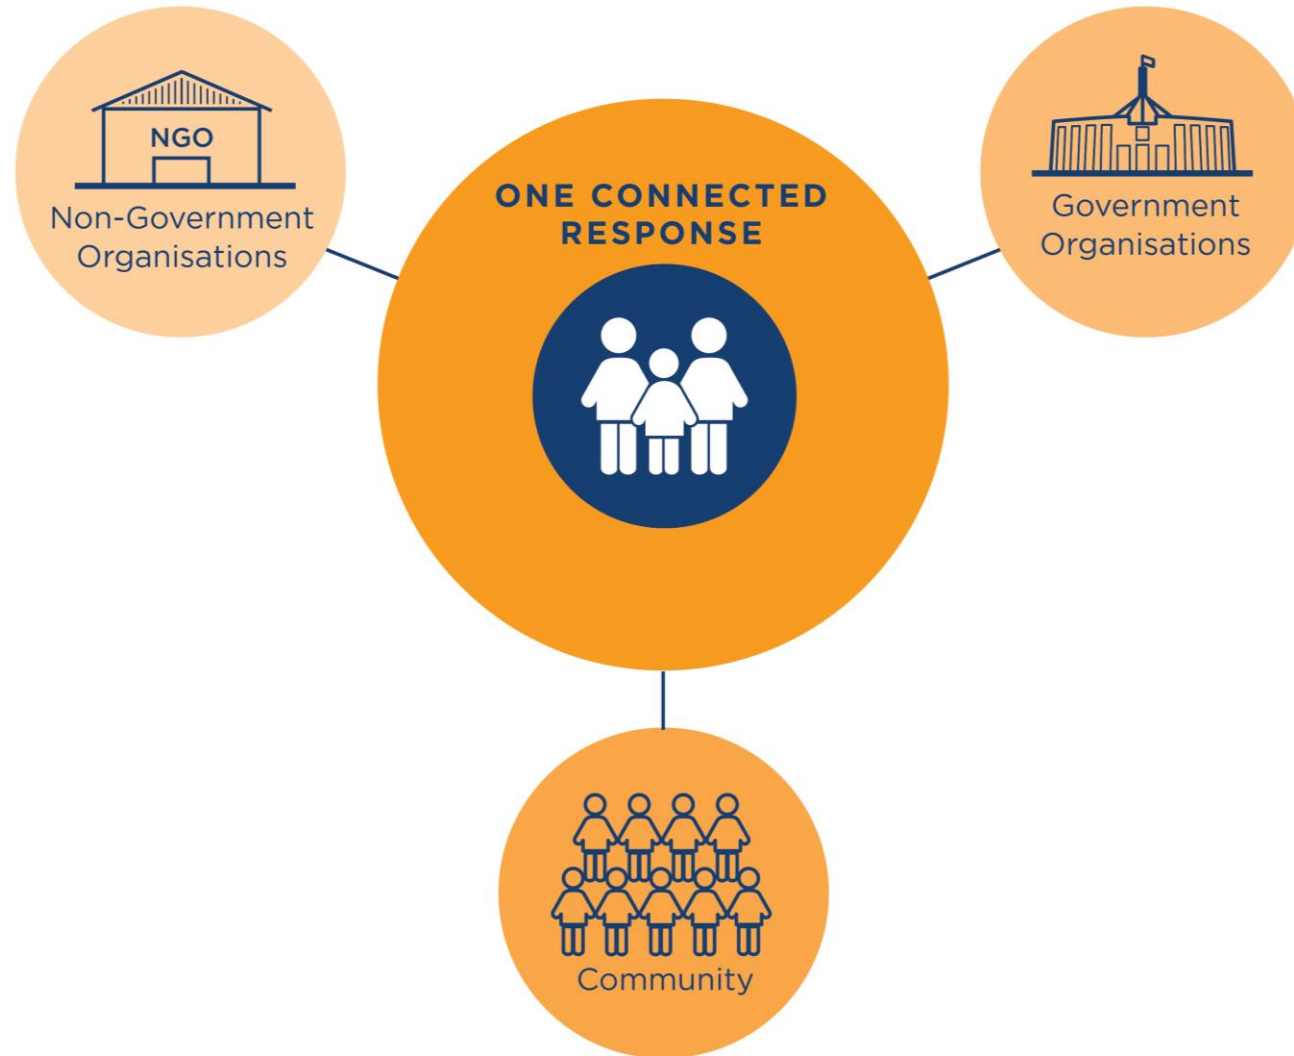

Their Futures Matter is setting the stage for significant changes to the NSW child and family services system.

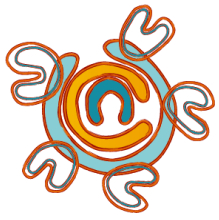

Key achievements include:

- More than 1,000 families engaged in new family preservation and restoration programs
- First human services cross-agency data set in NSW
- Completion of stage one liability and outcomes modelling
- Access system redesign underway
- Design and delivery of wraparound service solutions for vulnerable cohorts

Delivering a connected response

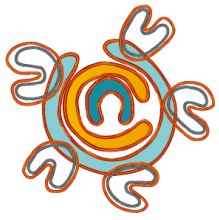

Supporting families and their needs

Their Futures Matter is working with partner organisations to design and deliver wraparound service solutions for vulnerable cohorts in the NSW population

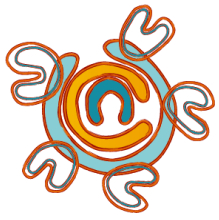

Evidence-based programs

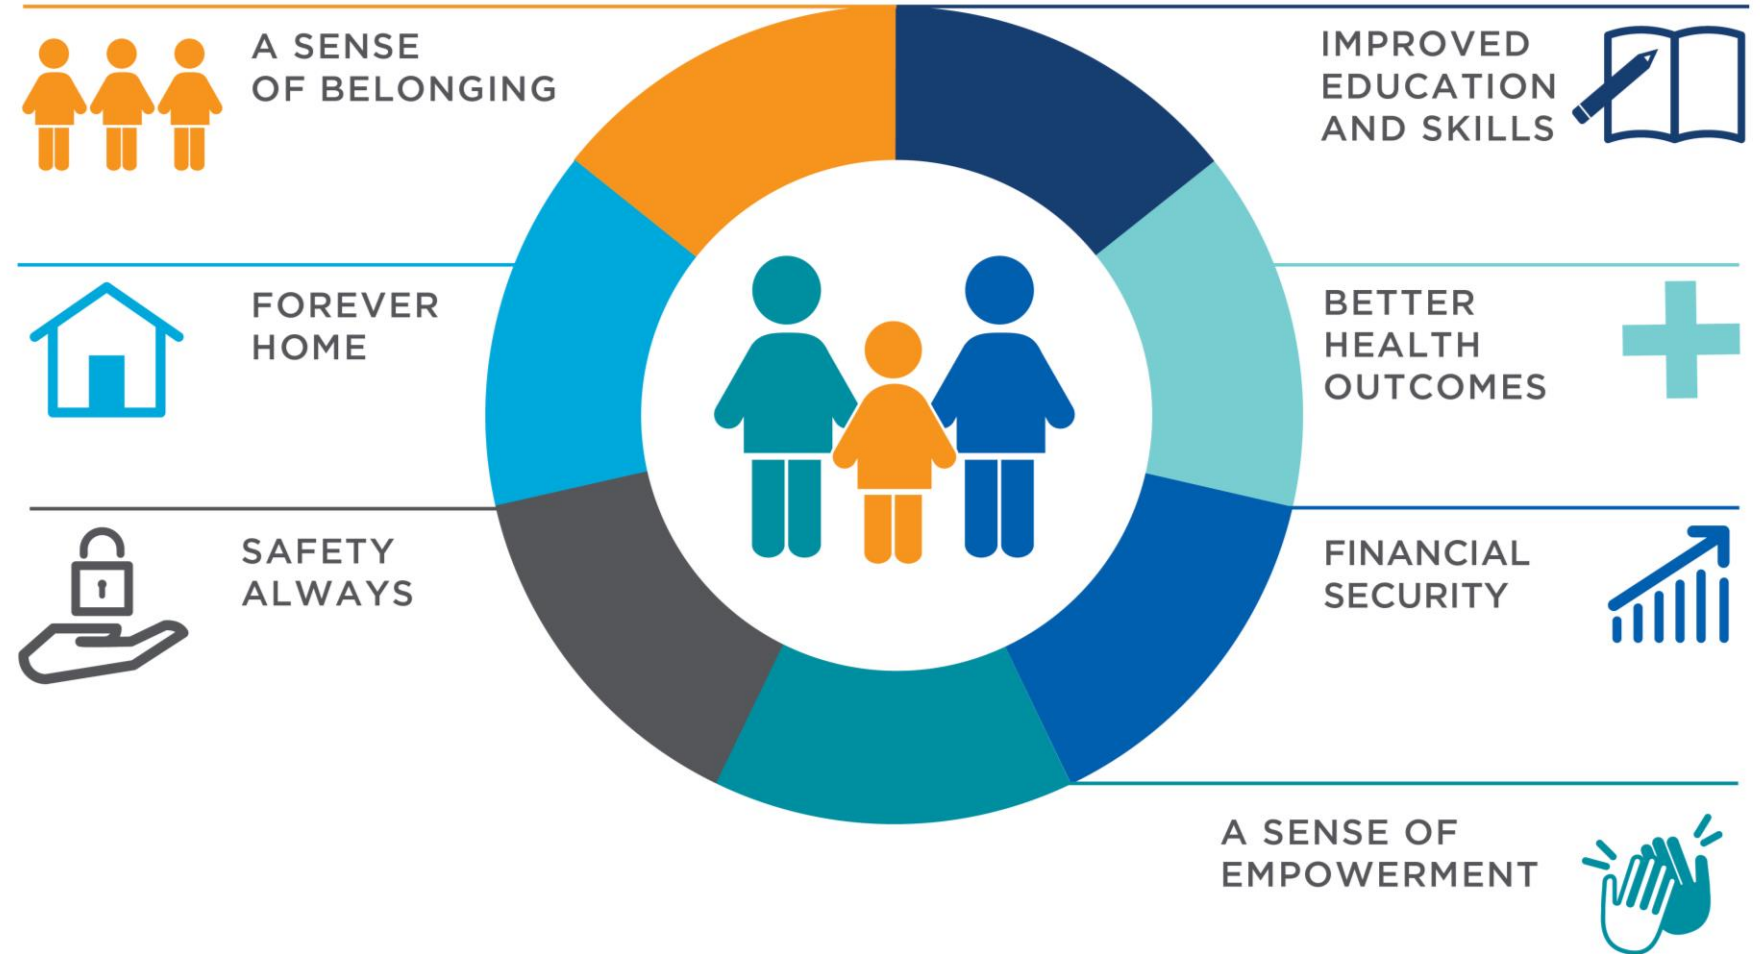

Their Futures
Matter's evidence-
based programs are
improving lives and
keeping families
together

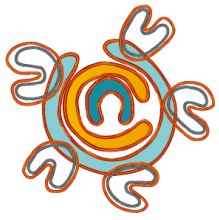

Evidence, monitoring and evaluation

Evidence, monitoring and evaluation drive continuous improvement across all areas of system response and service delivery.

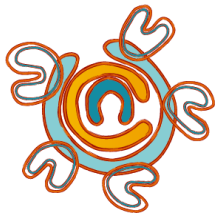

Multisystemic Therapy for Child Abuse and Neglect (MST-CAN[®])

**Whole-of-system reform relies on partnerships
and collaboration across all NSW human
services agencies and sector organisations.**

What's next?

Further development of the Investment Approach

Their Futures Matter will continue to commission service solutions guided by human services liability and investment modelling.

Detailed Access System Redesign

Their Futures Matter will progress detailed design of the child safety and child wellbeing system - Access System Redesign.

Working together to improve outcomes for children, young people and families
